**DETAILED ACTION**

1. The amendment C filed 7/07/04 has been entered. Claims 1-66 are pending in this Office action.

***Claim Rejections - 35 USC § 112***

2. Claims 1-11, 24-28, 29, 41-45, 53-57, 58, 59, 60-62 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention.

The term "non-data aided correlation" is not illustrated and supported by the specification.

3. Claims 41-57 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 41-57 recites an improve system for estimating a timing offset. Such claim, consequently, is considered as a single means since the claim invention does not seem to appear in combination with another recited element of means. Consequently, such claim is held non-enabling. See MPEP 216.08(a).

***Allowable Subject Matter***

4. Claims 12-23, 30-40, 63-66 are allowed.
